

Corey Roberts

Here in The Middle

Back from a 15 year hiatus from the recording industry, Corey Roberts has hit the ground running with his latest release, *Here in the Middle* on nub records. Written over the last 20 years and recorded over the last 13 years, HITM highlights wide lyrical ranges over sweet melancholy piano passages both accompanied by a soothing acoustic guitar.

The album can be broken into three divisions based on the instrumentation used. *Everything You Wanted* and *It Was Me* show off the intimacy of just a lone acoustic guitar chased by an inquisitive vocal melody. The second division adds more instruments such as a haunting piano sustain coupled with multiple lyric harmonies in *She Says* and *Where You Are*. The busiest of the tracks, such as the title track, *Here In The Middle* or *The Girl You Used To Know*, feature guest percussionist with Roberts adding on a bass and lead guitar.

The order of the songs weaves a winding dynamic range of emotional vocal lyricism with an energy level, which at the peak of tension, releases into a soft comfortable landing.
